

17 Trained in Gainesville, FL

All of the sixteen people shown in the photo above, plus one not shown, have one thing in common: they all know Randy and Nicole Dyson (photo on right). In fact, Nicole recruited every one of them even though several of them had never met each other. The meeting itself was put together by Dr. Katherine Gratto (seated third from right) and held at Grace Baptist Church in Gainesville on May 18. It was a wonderful meeting and materials were ordered for use at the Alachua County Jail within a week after the training. There were many ministries represented such as recovery houses, a pregnancy center, prisons, and jails. This group was highly energetic and we were privileged to welcome such a dedicated group as new members of the FIT family. They work with some of the hardest problems of society and they do it with resolve, selflessness, and cheerfulness.

Don Pratt and Ed White

I'm glad y'all had a good day! I received a lot of positive feedback and responses.

Nicole Dyson

Thank you for a wonderful training. We are still talking about it. I think we can revolutionize lives and living choices with this tool. God bless you and all you do.

Giving Partner fund-raiser raised \$8,150 for FIT

Thanks to everyone who gave to our fund-raiser. We run a very tight budget and your contribution enabled us to keep offering the services our facilitators and clients need. We were surprised, though, when we found out that the monthly support option that we had talked about was not part of the Giving Partner Challenge website. We apologize but have now set this up as a feature of our own website. Check it out by going to the "Donate Now" button on our website and then click on "Monthly Ministry Donation" at the bottom of the page. Consider blessing us with a monthly donation to ensure that our volunteers will continue have materials they need to work with.

Why You Should Consider Giving to FIT

NEED FIT services a very neglected and under-served segment of our population. It is a group that is often abused, forgotten, and left to drift without the assistance of Christian mentors or churches.

DEDICATION The dedication of FIT facilitators to mentor, love, and bring new hope and purpose to this group is outstanding. They receive no compensation for what they do other than the satisfaction of offering a helping hand to building a new and better life.

STEWARDSHIP FIT runs a tight ship. All board members serve at no pay and pay their own expenses. All our authors work for nothing with no royalties. A part-time employee runs the office. All the rest of your gifts go directly into supporting the work of our volunteers. In other words, your money goes a long way.

NICHE FIT has a very special niche in our society. It has been around for a dozen years and has been approved by various government agencies as meeting requirements for sentencing and case plans for children's services. It has also mobilized the faith community to work together.
